1st Marine Division Hero Robert Grove on Cape Gloucester.

The President of the United States takes pleasure in presenting the Navy Cross to Robert Woodrow Grove (306455), Corporal, U.S. Marine Corps (Reserve), for extraordinary heroism and conspicuous devotion to duty while serving as a Machine Gunner in Company I, Second Battalion, Seventh Marines, FIRST Marine Division in action against enemy Japanese forces at Cape Gloucester, New Britain, on 27 December 1943. When a numerically superior enemy force attacked the positions of his company and succeeded in penetrating the lines, Corporal Grove courageously led a squad of men to the point of the break-through and, armed with his own sub-machine gun and that of one of his casualties, fearlessly charged a light and heavy Japanese machine gun, destroying or wounding the crews of both and capturing the valuable weapons. Corporal Grove's valiant conduct and inspiring leadership contributed materially to the success of our forces in repulsing the hostile attack and re-establishing the lines and were in keeping with the highest traditions of the United States Naval Service.

Also served during the Korean and Vietnam Wars. He died on 18 February 1965 from wounds sustained while advising the South Vietnamese Rangers in Tu Thuan province and posthumously honored with the Silver Star. Served 20 years and reached the rank of gunnery sergeant.

"It's just a vaccine. Come on. It's for the greater good".

"I don't follow politics." Who cares about that stuff?" "I don't like to think about it." 6 million Jews were exterminated in Germany because 97% of the population cowered to populist control. Nobody wanted to think about it. It's easier to just ignore it. To everyone that doesn't believe this is possible - DO YOU UNDERSTAND that government successfully dictated to people WHEN they were allowed to be outside, where they were allowed to go, and how their children would be educated in less than 4 months? And that a majority of the population followed blindly because they were told to do so. In less than 4 months, government closed public schools then "restructured" education under the guise of "public safety". In less than 4 months, our government demonstrated how easily people assimilate to "guidelines" that have NO scientific premise whatsoever when you are fearful. In less than 4 months, government closed public schools then "restructured" education under the guise of "public safety". In less than 4 months, our government demonstrated how easily people assimilate to "guidelines" that have NO scientific premise whatsoever when you are fearful. But that couldn't happen here, right? You're kidding yourself if you think this behavior won't be repeated with a vaccine. Or whatever the next step is. Wait until you're told that you can't enter any store or business without proof of the Covid-19 vaccine. Wait until you can't go to public events or get on a plane without proof of receiving the vaccine. It's absolutely terrifying to me that so many people don't question "authority". They are willing to surrender their critical thinking skills and independence. They just... gave up without thinking. Without a fight. And the most dangerous and terrifying part? People are not afraid of the government who removed their freedom. They're afraid of their neighbors, family and friends. In less than 4 months, our government successfully instilled fear in a majority of the population in America that allows them to control every aspect of your life. Including what you eat, where you go, and who you see. Cash is dirty. We can't give change. There's a coin shortage. Use your card. In 4 months, they convinced you to use a traceable card for everything. And they hate those who won't comply. How about a little hush money. Here's $2,400 that we stole out of your pay check in the first place. Enjoy. Buy something with it. From a big corporation. Standing in a graduation line is a "safety hazard". Small businesses were forced to close but crowds to support the corporate money machine at Wal Mart, Lowes and Home Depot are OK. Come on. It's "just a mask" & "safety precautions". In 4 months, the U.S. transformed into an obedient socialist country. Government dictated what events are acceptable to attend. Violent protests that instill fear are OK but church services, family funerals and patriotic celebrations are dangerous. And you bought it without a fight. Violent protests that instill fear are OK but church services, family funerals and patriotic celebrations are dangerous. And you bought it without a fight. It's not about masks. Open your mind to the POSSIBILITY.....

I didn't write this but man..... Scary

Aerial Gunner Retires At Age 16.. Big Time Operator

Nearly every air gunner in World War II was a volunteer, and the youngest of them was Sgt. De Sales Glover, who lied about his age (he was 14) when he joined the USAAF on October 14, 1942. He completed his training, and flew six B-24 Liberator missions over Germany before his true age was discovered and he was grounded. Glover, of Pittsburgh, PA, was awarded the Air Medal before he was found out, and was later retired at the ripe old age of 16 and sent home with an honorable discharge in 1944. The picture above shows him with the tool of his trade in front of his aircraft, "Big-Time Operator." Posing with the group are mascots 'Scrappy' and Joe', a dog and a monkey. 'Scrappy" was presented to the crew while training in the US and accompanied the crew on their transatlantic flight to England. 'Joe' was picked up from another station, and the two animals become quite inseparable, 'Joe' regularly being carted around the base on 'Scrappy's back.

Robert 'Bob' Biesecker, a 24-year-old from North Carolina, had enlisted on 31 Mar 1942. Despite his young age, has was already married to 21 year-old Dorothy Rankin from Vancouver, and working as a sales agent.

On 18 May 1944, eight months to the day from when this photo was taken, Biesecker - now flying 'Rick-O-Shay III', another B-17 (serial 42-37925), of the 571st Bomber Squadron - was attacked by six ME 109 fighters while on a bombing run to Augsburg, Germany.

U.S. Marine Corps Colonel Mitchell Paige of Charleroi, Pennsylvania was awarded the Medal of Honor

For his extraordinary actions on October 26, 1942 while serving as a Platoon Sergeant with the 7th Marines the Battle of Guadalcanal in the Solomon Islands, U.S. Marine Corps Colonel Mitchell Paige of Charleroi, Pennsylvania was awarded the Medal of Honor.

On that day, after all of the other Marines in his platoon were killed or wounded, Platoon Sergeant Paige operated four machine guns, singlehandedly stopping an entire Japanese regiment. Paige fired his machine gun until it was destroyed, then moved from gun to gun, keeping up the fire until he finally received reinforcements.

Continued on page nine

Medal of Honor Continued from Page Eight

Colonel Paige continued to serve our nation until 1959. He passed away in 2003 at 85 years old. He was the last surviving Medal of Honor recipient of the Guadalcanal campaign.

His Medal of Honor citation reads:

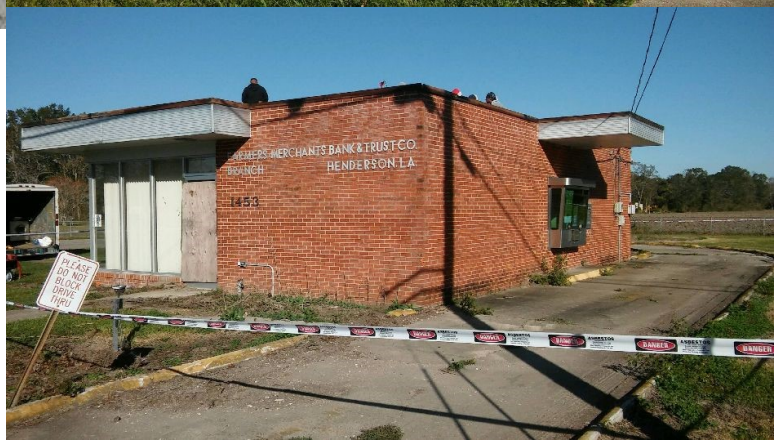

"For extraordinary heroism and conspicuous gallantry in action above and beyond the call of duty while serving with a company of marines in combat against enemy Japanese forces in the Solomon Islands on 26 October 1942. When the enemy broke through the line directly in front of his position, P/Sgt. Paige, commanding a machinegun section with fearless determination, continued to direct the fire of his gunners until all his men were either killed or wounded. Alone, against the deadly hail of Japanese shells, he fought with his gun and when it was destroyed, took over another, moving from gun to gun, never ceasing his withering fire against the advancing hordes until reinforcements finally arrived. Then, forming a new line, he dauntlessly and aggressively led a bayonet charge, driving the enemy back and preventing a breakthrough in our lines. His great personal valor and unyielding devotion to duty were in keeping with the highest traditions of the U.S. Naval Service."

We are eternally grateful for Colonel Paige's service to our nation. May you rest in peace, sir.

Frosty December Dusk

In the frosty December dusk,
Canadian geese calling out overhead,
We stood outdoors and felt the chill
Knowing that winter had indeed arrived.

Our summer clothes had long bean put up,
Neatly packed away into many a bag and box.
Until then we had yet to don our winter's best.
But alas, this day's end was a harbinger of change.

The wood pile would get good use now,
Neglected as it had been up to this point.
The remaining leases would soon surely die,
Even as winter flowers were coming to life.

Walking in the woods would be different too,
Now that the mosquitoes would finally be gone.
It's much easier to put on more clothes
Than to constantly fight those pesky things.

Ducks would be coming down in earnest as well,
As would other birds heading south for the winter.
The north's loss is always our gain this time of year,
So we heartily welcome this frosty December dusk.

A New Town Hall For Henderson

Continued from page nine

In a conversation with Mayor Sherbin Collette for the Town of Henderson, I asked when the construction is suppose to begin on the new Town Hall. He said January 1st. The deadline for picking up the bid packages has passed. There are 10 companies that picked up the bid packages.

The deadline for receiving the bids will be December 9th. The bids include demolishing the old building, raising the property 18"-24", so the ground will be above the flood stage, then building the new building.

The Water System has been notified to remove the sewer system. The Electric Co. has been notified to remove the electric lines temporarily. It should be ready for the construction to begin January 1st.

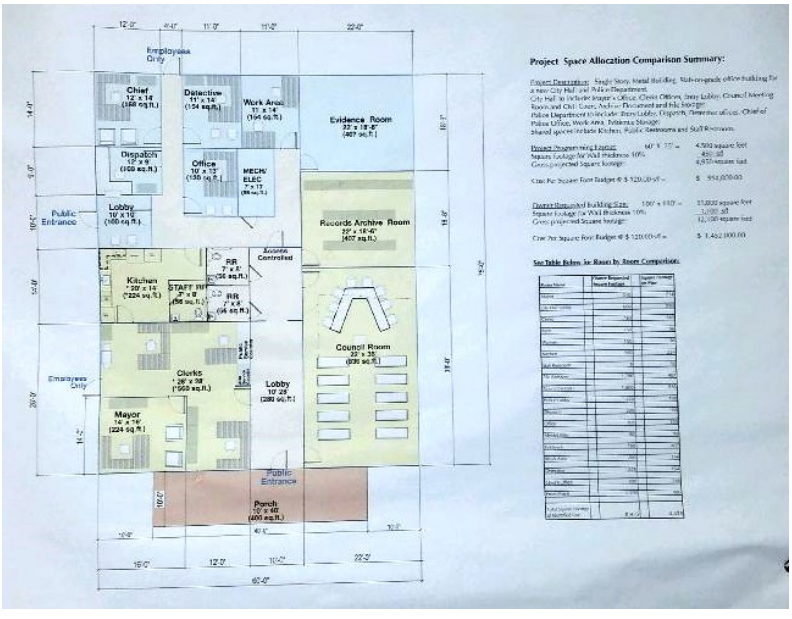

The approximate time of completion is 240 days. That will depend on the weather. The Town of Henderson received a State grant of $700,000.00 for the project. The actual cost of the new building will be a little more. The Town will cover the rest of the cost.

The front part of the building will be the Town Hall and the back section will be the Police Station. There will be no jail but will have a holding area until a prisoner can be transported to the jail in St. Martinsville.

The square footage of the new building will be 5,316 Sq. Ft. Mayor Collette was very helpful with the information in this interview. Thank You Mayor Sherbin Collette!

Certain Sanctions in the Event of Foreign Interference in a United States Election

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.) (IEEPA), the National Emergencies Act (50 U.S.C. 1601 et seq.) (NEA), section 212(f) of the Immigration and Nationality Act of 1952 (8 U.S.C. 1182(f)), and section 301 of title 3, United States Code,

I, DONALD J. TRUMP, President of the United States of America, find that the ability of persons located, in whole or in substantial part, outside the United States to interfere in or undermine public confidence in United States elections, including through the unauthorized accessing of election and campaign infrastructure or the covert distribution of propaganda and disinformation, constitutes an unusual and extraordinary threat to the national security and foreign policy of the United States. Although there has been no evidence of a foreign power altering the outcome or vote tabulation in any United States election, foreign powers have historically sought to exploit America's free and open political system. In recent years, the proliferation of digital devices and internet-based communications has created significant vulnerabilities and magnified the scope and intensity of the threat of foreign interference, as illustrated in the 2017 Intelligence Community Assessment. I hereby declare a national emergency to deal with this threat.

Accordingly, I hereby order:

Section 1. (a) Not later than 45 days after the conclusion of a United States election, the Director of National Intelligence, in consultation with the heads of any other appropriate executive departments and agencies (agencies), shall conduct an assessment of any information indicating that a foreign government, or any person acting as an agent of or on behalf of a foreign government, has acted with the intent or purpose of interfering in that election. The assessment shall identify, to the maximum extent ascertainable, the nature of any foreign interference and any methods employed to execute it, the persons involved, and the foreign government or governments that authorized, directed, sponsored, or supported it. The Director of National Intelligence shall deliver this assessment and appropriate supporting information to the President, the Secretary of State, the Secretary of the Treasury, the Secretary of Defense, the Attorney General, and the Secretary of Homeland Security.

(b) Within 45 days of receiving the assessment and information described in section 1(a) of this order, the Attorney General and the Secretary of Homeland Security, in consultation with the heads of any other appropriate agencies and, as appropriate, State and local officials, shall deliver to the President, the Secretary of State, the Secretary of the Treasury, and the Secretary of Defense a report evaluating, with respect to the United States election that is the subject of the assessment described in section 1(a):

(i) the extent to which any foreign interference that targeted election infrastructure materially affected the security or integrity of that infrastructure, the tabulation of votes, or the timely transmission of election results; and

Continued on page 15

From the White House Continued from Page 14

(ii) if any foreign interference involved activities targeting the infrastructure of, or pertaining to, a political organization, campaign, or candidate, the extent to which such activities materially affected the security or integrity of that infrastructure, including by unauthorized access to, disclosure or threatened disclosure of, or alteration or falsification of, information or data.

The report shall identify any material issues of fact with respect to these matters that the Attorney General and the Secretary of Homeland Security are unable to evaluate or reach agreement on at the time the report is submitted. The report shall also include updates and recommendations, when appropriate, regarding remedial actions to be taken by the United States Government, other than the sanctions described in sections 2 and 3 of this order.

(c) Heads of all relevant agencies shall transmit to the Director of National Intelligence any information relevant to the execution of the Director's duties pursuant to this order, as appropriate and consistent with applicable law. If relevant information emerges after the submission of the report mandated by section 1(a) of this order, the Director, in consultation with the heads of any other appropriate agencies, shall amend the report, as appropriate, and the Attorney General and the Secretary of Homeland Security shall amend the report required by section 1 (b), as appropriate.

(d) Nothing in this order shall prevent the head of any agency or any other appropriate official from tendering to the President, at any time through an appropriate channel, any analysis, information, assessment, or evaluation of foreign interference in a United States election.

(e) If information indicating that foreign interference in a State, tribal, or local election within the United States has occurred is identified, it may be included, as appropriate, in the assessment mandated by section 1(a) of this order or in the report mandated by section 1(b) of this order, or submitted to the President in an independent report.

(f) Not later than 30 days following the date of this order, the Secretary of State, the Secretary of the Treasury, the Attorney General, the Secretary of Homeland Security, and the Director of National Intelligence shall develop a framework for the process that will be used to carry out their respective responsibilities pursuant to this order. The framework, which may be classified in whole or in part, shall focus on ensuring that agencies fulfill their responsibilities pursuant to this order in a manner that maintains methodological consistency; protects law enforcement or other sensitive information and intelligence sources and methods; maintains an appropriate separation between intelligence functions and policy and legal judgments; ensures that efforts to protect electoral processes and institutions are insulated from political bias; and respects the principles of free speech and open debate.

Sec. 2. (a) All property and interests in property that are in the United States, that hereafter come within the United States, or that are or hereafter come within the possession or control of any United States person of the following persons are blocked and may not be transferred, paid, exported, withdrawn, or oth-

erwise dealt in: any foreign person determined by the Secretary of the Treasury, in consultation with the Secretary of State, the Attorney General, and the Secretary of Homeland Security:

(i) to have directly or indirectly engaged in, sponsored, concealed, or otherwise been complicit in foreign interference in a United States election;

(ii) to have materially assisted, sponsored, or provided financial, material, or technological support for, or goods or services to or in support of, any activity described in subsection (a)(i) of this section or any person whose property and interests in property are blocked pursuant to this order; or

(iii) to be owned or controlled by, or to have acted or purported to act for or on behalf of, directly or indirectly, any person whose property or interests in property are blocked pursuant to this order.

(b) Executive Order 13694 of April 1, 2015, as amended by Executive Order 13757 of December 28, 2016, remains in effect. This order is not intended to, and does not, serve to limit the Secretary of the Treasury's discretion to exercise the authorities provided in Executive Order 13694. Where appropriate, the Secretary of the Treasury, in consultation with the Attorney General and the Secretary of State, may exercise the authorities described in Executive Order 13694 or other authorities in conjunction with the Secretary of the Treasury's exercise of authorities provided in this order.

(c) The prohibitions in subsection (a) of this section apply except to the extent provided by statutes, or in regulations, orders, directives, or licenses that may be issued pursuant to this order, and notwithstanding any contract entered into or any license or permit granted prior to the date of this order.

Sec. 3. Following the transmission of the assessment mandated by section 1(a) and the report mandated by section 1(b):

(a) the Secretary of the Treasury shall review the assessment mandated by section 1(a) and the report mandated by section 1(b), and, in consultation with the Secretary of State, the Attorney General, and the Secretary of Homeland Security, impose all appropriate sanctions pursuant to section 2(a) of this order and any appropriate sanctions described in section 2 (b) of this order; and

(b) the Secretary of State and the Secretary of the Treasury, in consultation with the heads of other appropriate agencies, shall jointly prepare a recommendation for the President as to whether additional sanctions against foreign persons may be appropriate in response to the identified foreign interference and in light of the evaluation in the report mandated by section 1(b) of this order, including, as appropriate and consistent with applicable law, proposed sanctions with respect to the largest business entities licensed or domiciled in a country whose government authorized, directed, sponsored, or supported election interference, including at least one entity from each of the following sectors: financial services, defense, energy, technology, and transportation (or, if inapplicable to that country's largest business entities, sectors of comparable strategic significance to that foreign government). The recommendation shall include an assessment of the effect of the recommended sanctions on the economic and national se-

curity interests of the United States and its allies. Any recommended sanctions shall be appropriately calibrated to the scope of the foreign interference identified, and may include one or more of the following with respect to each targeted foreign person:

(i) blocking and prohibiting all transactions in a person's property and interests in property subject to United States jurisdiction;

(ii) export license restrictions under any statute or regulation that requires the prior review and approval of the United States Government as a condition for the export or re-export of goods or services;

(iii) prohibitions on United States financial institutions making loans or providing credit to a person;

(iv) restrictions on transactions in foreign exchange in which a person has any interest;

(v) prohibitions on transfers of credit or payments between financial institutions, or by, through, or to any financial institution, for the benefit of a person;

(vi) prohibitions on United States persons investing in or purchasing equity or debt of a person;

(vii) exclusion of a person's alien corporate officers from the United States;

(viii) imposition on a person's alien principal executive officers of any of the sanctions described in this section; or

(ix) any other measures authorized by law.

Sec. 4. I hereby determine that the making of donations of the type of articles specified in section 203 (b)(2) of IEEPA (50 U.S.C. 1702(b)(2)) by, to, or for the benefit of any person whose property and interests in property are blocked pursuant to this order would seriously impair my ability to deal with the national emergency declared in this order, and I hereby prohibit such donations as provided by section 2 of this order.

Sec. 5. The prohibitions in section 2 of this order include the following:

(a) the making of any contribution or provision of funds, goods, or services by, to, or for the benefit of any person whose property and interests in property are blocked pursuant to this order; and

(b) the receipt of any contribution or provision of funds, goods, or services from any such person.

Sec. 6. I hereby find that the unrestricted immigrant and nonimmigrant entry into the United States of aliens whose property and interests in property are blocked pursuant to this order would be detrimental to the interests of the United States, and I hereby suspend entry into the United States, as immigrants or nonimmigrants, of such persons. Such persons shall be treated as persons covered by section 1 of

(b) Any conspiracy formed to violate any of the prohibitions set forth in this order is prohibited.

Sec. 8. For the purposes of this order:

(a) the term “person” means an individual or entity;

(b) the term “entity” means a partnership, association, trust, joint venture, corporation, group, subgroup, or other organization;

(c) the term “United States person” means any United States citizen, permanent resident alien, entity organized under the laws of the United States or any jurisdiction within the United States (including foreign branches), or any person (including a foreign person) in the United States;

will not be apparent or acknowledged publicly; and

(i) the term "State" means the several States or any of the territories, dependencies, or possessions of the United States.

Sec. 9. For those persons whose property and interests in property are blocked pursuant to this order who might have a constitutional presence in the United States, I find that because of the ability to transfer funds or other assets instantaneously, prior notice to such persons of measures to be taken pursuant to this order would render those measures ineffectual. I therefore determine that for these measures to be effective in addressing the national emergency declared in this order, there need be no prior notice of a listing or determination made pursuant to section 2 of this order.

Sec. 10. Nothing in this order shall prohibit transactions for the conduct of the official business of the United States Government by employees, grantees, or contractors thereof.

Sec. 11. The Secretary of the Treasury, in consultation with the Attorney General and the Secretary of State, is hereby authorized to take such actions, including the promulgation of rules and regulations, and to employ all powers granted to the President by IEEPA as may be necessary to carry out the purposes of this order. The Secretary of the Treasury may re-delegate any of these functions to other officers within the Department of the Treasury consistent with applicable law. All agencies of the United States Government are hereby directed to take all appropriate measures within their authority to carry out the provisions of this order.

Sec. 12. The Secretary of the Treasury, in consultation with the Attorney General and the Secretary of State, is hereby authorized to submit the recurring and final reports to the Congress on the national emergency declared in this order, consistent with section 401(c) of the NEA (50 U.S.C. 1641(c)) and section 204(c) of IEEPA (50 U.S.C. 1703(c)).

Sec. 13. This order shall be implemented consistent with 50 U.S.C. 1702(b)(1) and (3).

Sec. 14. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.
